

The Tuning Fork

A tuning fork is designed to precisely emit one single frequency (a pure sound). Tuning forks are used in the realms of medicine, music, and science for a variety of applications. Their precision makes them ideal for use in sound therapy, using the capacity of the human body to resonate with pure sound.

The creators of INNER SOUND, Arden and Jack Wilken, have developed a special series of tuning forks spaced in pure 5th intervals for use at the ears.

The Pure 5th

A **pure 5th** is the naturally tuned form of the musical interval known as the *perfect 5th* in which the frequency of the higher tone is exactly 1.5 times the frequency of the lower tone. The pure 5th is an important element in our environment appearing frequently in the natural harmonic spectrum of the voice. It is also the most important interval in sound healing and appears almost always in healing music compositions, ancient as well as modern.

The use of tuning forks in this interval, one at each ear, produces an organized wave of expansion and contraction throughout the body. This occurs at all levels helping the body to relax deeply. This relaxed state helps the body to regenerate and the energy system to balance and align.

SOUND THERAPY

Spiral of 5ths Basic & Advanced Tuning Fork Training

**For stress reduction and
relaxation**

October 1 & 2, 2011

9 am to 6:00 pm both days
(NW of Cochrane)

Instructor: Arden Wilken

SOUND THERAPY

Spiral of 5ths Basic & Advanced Tuning Fork Training

Course Objectives

This interactive 16 hour training covers information about **stress reduction and relaxation** through the application of pairs of **tuning forks as sound therapy at the ears**.

After **lecture, discussion, demonstration** and **practice** participants will be able to **describe** effects of sound in the body, **assess** patient/client sensitivity to tuning forks used as sound therapy, **list** over-activation symptoms and counter-indications, **define** beginning session protocols and **apply** pairs of Spiral of 5ths Tuning forks on themselves, patients/clients and their families with a range of **physical, emotional and mental complaints, symptoms or themes** in a variety of settings including long-term and hospice care.

Teaching strategies: Lecture, handout, power point, demonstration, return demonstration and critique of return demonstration.

Successful completion requirements:

Entire course attended
90 % of the exercises performed
Comments and feedback given

Certificate awarded: Completion

Bring pen and paper and wear comfortable clothes.

Benefits:

Easy to learn and use
Complementary to all therapies
For both professional and personal use
Rapid and repeatable effect

The Spiral of Pure 5ths

The Spiral is a series of 13 precision made (tuned to the 2nd decimal) aluminum tuning forks that provide a stable and exact series of pure 5th intervals.

The base tone of the Spiral is taken from the Schumann Earth Cavity Frequency. The dominant frequency is approximately 7.865 Hz, well below the limit of human hearing, which begins at 20 Hz. The first tuning fork, at 31.46 Hz, is 2 octaves above the Schumann frequency. The tuning forks go up by pure 5th all the way to the 13th fork, at 4081.81 Hz.

The Effect of the Spiral of Pure 5ths

The wide range of frequencies within this set permits working at all levels of the organism, in the body from the feet to the head and in the entire energy system to include the Chakras, energy channels, and electromagnetic field (also known as the aura). In the professional setting they are ideal to support any therapy or techniques such as massage, body work or energy healing. At a personal level they are excellent for managing stress.

Personal and OM Tuners

The Tuners are two sets of three tuning forks based on the pure 5th interval. The Personal Tuners are the 6th, 7th, and 8th tuning forks in the Spiral of Pure 5th. The Om Tuners are based on the OM frequency (136.1 Hz) and a 5th below and above this frequency. They are manufactured to the same specifications as the Spiral set.

Pair 5

Pair 5 is the 5th and 6th tuning forks in the Spiral of Pure 5th.

The Effect of Pair 5

Pair 5 resonates in the chest area- 4th chakra. It helps release physical and emotional discomfort.

Massage Therapists and Body Workers

School for INNER SOUND/INNER SOUND International is approved by the National Certification Board of Massage therapy and Body Work (NCBMTB) as a continuing education Approved Provider- until May 31, 2010.

INNER SOUND, an original system of sound therapy and therapeutic music, is a marriage of ancient wisdom and modern science.
